monstrating the matchless virtues of this article.—
Letters are coming to us from all parts of the Union expressing gratitude and surprise at the wonderful properties it possesses in all cases of burns, rheumatism, piles, wounds, &c. The press abounds in notices of its high character as a standard Medicine, and from the number we select the following from the Island City of the 12th September:

Dalley's Memcal Paix Extractor.—An invention like this truly wonderful article, so full of virtues should be made known to the universe. Its cures, in many cases are absolutely beyond belief. For burns, scalds, sores, swellings, pains in the limbs of all kinds, cuts, wounds, and in every disease of the body, where it can be applied externally, it never fails to cure. A singular case came under our own observation. A friend in playing with a starp steel pen, run it into the palm of his hand so that it came out at the back and had to be extracted that way. The poisonous nature of the ink in the wound, as well as the instrument itself, caused the hand to swell dreadially.—Dalley's Pain Extractor was applied, and the next day the swelling had entirely gone down the next Dalley's Pain Extractor was applied, and the next day the swelling had entirely gone down, the pain had left, and the wound was cured in a few days.

Important Caution—Counterfeits of my Extractor are unblushingly published to the world in my name. LOUISVILLE and paducah Line of paducah Line of
